

# SAFETY DATA SHEET

29 CFR 1910.1200

## Section 1: Company and Product Identification

Product Name:	Aqua X-Cell™ OPTI-PRIME
Product Code(s):	CL 1807020
Company:	CouvLotta, LLC P.O. Box 713 Fulton, TX 78358 256-364-0044
Product Use(s):	Spice flavoring additive for water proportioning systems.

## Section 2: Hazards Identification

Hazard Pictograms:

Signal Word:

Warning

Hazard Category:

Sensitization, skin Cat 1

Skin corrosion/irritation Cat 2

Serious eye damage/eye irritation Cat 2

Hazard Statements:

H317: May cause an allergic skin reaction H315: Causes skin irritation

H319: Causes serious eye irritation

P264: Wash thoroughly after handling

P280: Wear protective gloves/protective clothing/eye protection/face protection

Precautionary Statements:

P302+352: IF ON SKIN: Wash with soap and water

P333+313: If skin irritation or a rash occurs: Get medical advice/attention

P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove

P337+313: If eye irritation persists get medical advice/attention

Hazards not otherwise classified:

No further information.

## Section 3: Composition / Information on Ingredients

<u>Substance Name</u>	<u>Hazard Category</u>
proprietary herbal oil blend	Skin Sens Cat 1, Skin Irrit Cat 2, Eye Irrit Cat 2

## Section 4: First Aid Measures

General Info:

Contains concentrated essential oils which could result in sensitization and/or irritation reactions in exposed individuals.

Notable Exposure symptoms:

Rash, itching skin, or irritation may result from over exposure.

If ingested:

Rinse mouth. Drink plenty of water. Consult medical attention if any symptoms develop.

If inhaled:

Remove to fresh air. Observe for breathing difficulties. Consult medical advice if asthma-like symptoms develop.

Eye contact:

Rinse eyes with water. Consult medical advice if irritation develops.

Skin contact:

Rinse with water. Consult medical advice if irritation develops.

Additional Info:

No further information.

## Section 5: Fire Fighting Measurers

General Info:

Ensure adequate ventilation.

Extinguishing Method, / Equipment:

Isolate area and ensure ventilation. Water, foam, CO2 or dry chemicals.

Hazardous Decomposition Info:

Utilize product where ventilation is adequate.

## Section 6: Accidental Release Measures

Personal precautions:

Wear protective goggles and gloves

Containment Equipment and Procedures:

Material can be stored in the original receptacle.

Cleanup Procedures:

Dilute with water and take up with mop or other suitable absorbent.

## **Section 7: Handling and Storage**

Safe Handling Precautions:	Ensure adequate ventilation.
Recommendations for Storage:	Store in product packaging until usage is warranted.
Incompatibilities:	Store away from strong acids or oxidizing agents. Refer to Section 10.

## **Section 8: Exposure Control / Personal Protection**

General / Engineering Controls:	Local exhaust ventilation can be utilized to control vapors if needed.
Work Clothing:	Protective work clothing that prevents skin contact is suggested
Eye/face protection:	Utilize eye protection if eye contact is likely.
Skin Protection:	Utilize work gloves as needed.
Respiratory:	General dust or respiratory masks can be utilized but not warranted.
Additional Information:	Observe good chemical hygiene practices.

## **Section 9: Physical and Chemical Properties**

State:	Liquid
Color:	Dark red
Melting Point:	N/A
Freezing Point:	10 F
Boiling Point/Range:	180 F
pH	7.9
Bulk Density:	0.95 g/cm <sup>3</sup>
Odor:	Cinnamon, Earthy
Water Solubility:	Completely Soluble
Evaporation rate:	N/A
Flash Point:	88 C

## **Section 10: Stability and Reactivity**

General:	Product is stable under normal conditions.
Incompatible	May react with strong acids. materials:
Decomposition products:	No decomposition products known. Constituents associated with burning may be harmful.

## **Section 11: Toxicological Information**

Toxicological Information (product):	LD50 oral >2,500 mg/kg. Information is based on known ingredient information.
Likely Routes of Exposure:	Skin, eyes.
Irritation:	Skin, eyes. Excessive contact may result in irritation or eyes, skin, or mucous membranes.
Carcinogenicity or mutagenicity:	Product is not a carcinogen or mutagen
Sensitization:	Contains concentrated essential oils which would result in sensitization reaction in certain individuals.

## **Section 12: Ecological Information**

General information:	Product not tested. Not expected to pose an environmental hazard.
Degradation / Mobility info:	No specific data available.
Aquatic toxicity:	Not expected to have appreciable aquatic toxicity characteristics.
Bio accumulative potential:	No specific data available.

## **Section 13: Disposal Information**

Product disposal:	Dispose of product in accordance with local, regional, and national regulations.
Container disposal:	No further information.

## **Section 14: Transport Information**

DOT:	Product is not classified as dangerous goods.
------	-----------------------------------------------

## **Section 15: Regulatory Information**

<b>TSCA:</b>	All components listed on the TSCA 8(b) inventory.
<b>CERCLA RQ:</b>	N/A
<b>SARA 313</b>	N/A
<b>California Prop 65 Substances:</b>	N/A

**Section 16: Other Information**

<b>SDS Author:</b>	Product Technical Dept.
<b>Version Date:</b>	5-0-17

*The provider of this SDS urges the buyer or user to study it carefully and consult with appropriate expertise, as necessary to become aware of and understand the data contained herein. This information is provided in good faith and is believed to be accurate as of the effective date, or version date shown. However, no warranty, express or implied, is given. Regulatory requirements are subject to change and may differ between various locations. It is the buyer or user's responsibility to ensure that its activities comply with all federal, state, provincial or local laws. The information presented here pertains only to the product as shipped. It is the buyer's/ user's duty to determine the conditions necessary for the safe use of this product. Information regarding the exact chemical identity or concentration of certain substances may be reserved as a trade secret as per 29 CFR 1910.1200(I).*
